*I, _____ was one
of 584 students at Londonderry
School growing up during the
1992/93 school year.*

Look I've Grown!!!!

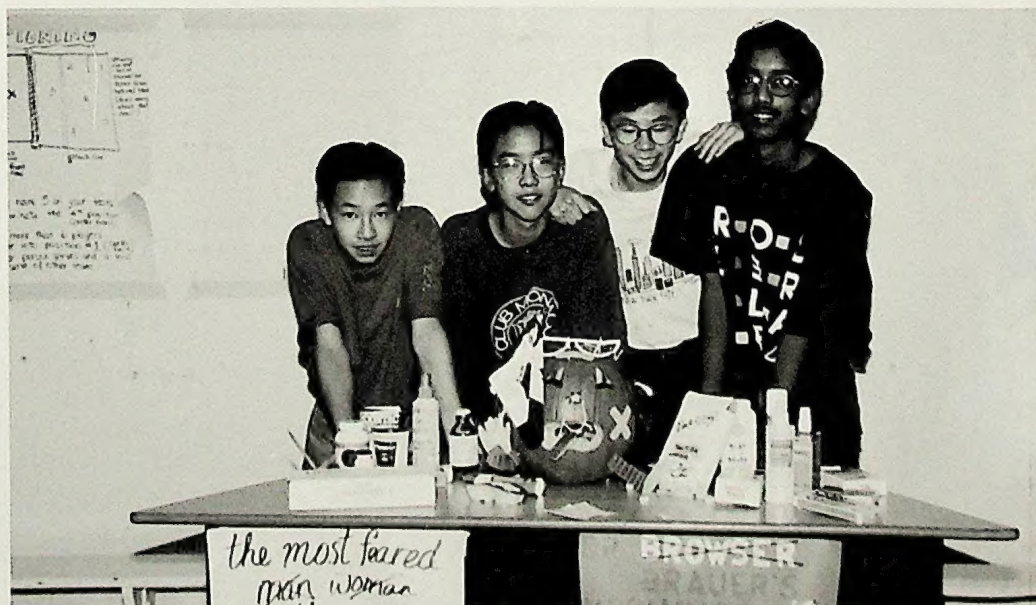

I'm so happy I could cry!

Mm mm good!

Oh Rachel my sweetie!

One of Dr. Brauer's better mornings!

Look!! I've Grown

If you plan on growing up the right way, you're at the right school. Londonderry is the perfect place to spend the best years of your life. No matter what kind of person you grow up to be, our school is for you. We have lots of variety, so there's always a bunch of people who are here for you. Grade sevens are fortunate. They get to grow up in the best of schools. Grade eights have matured from tiny, scared grade sevens to be confident grade

Mmmm that looks good!

eights. Grade nines are a good example of the title "Look I've Grown" because if you look back to photos from former years you can see a difference between people and the way they have grown up.

MY FIRST DAY IN JUNIOR HIGH

I felt so nervous that first day of junior high. I was like one group out of a million and I also felt so small compared to everyone else. I met with some old friends in the gym and met some new ones. One of the embarrassing moments was when everyone got their locks and lockers and put all their supplies in and I was still trying to figure out how to open it so finally at lunch time, one of my friends taught me how. I only got lost once and that was on my way to french class and I was asking where it was but no one knew so finally Ms. Sim had to fetch me out of the hallway. At lunch time some friends and I were sitting on the benches eating our lunches. We were talking

about how exciting it was to be in junior high and how hard it was going to be. I was in Mr. Buchynski's class and in that class there were only two other people from my school. They were the only people I knew in the class and they really weren't my friends. So I was a bit lonely. I was looking forward to going home and telling my parents everything that happened. My teacher from the previous year said that junior high would be so hard and that I would get at least a half an hour of homework every night, but as it turns out junior high really is hard as he put it and it is fun.

Jeff Esteves 7-3

Nothing like a hard day at school.

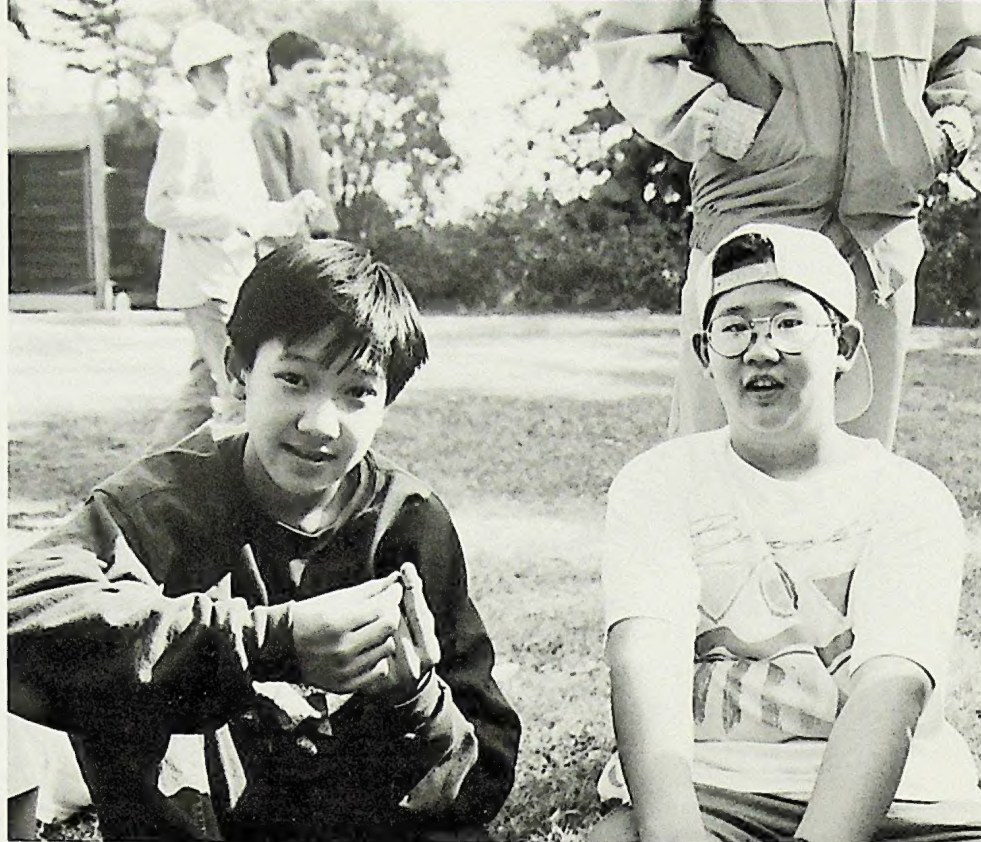

Hole in one.

Where did our boat go?

Where's our prize?

Guess what is in my hand!

The big weigh in; "How much do we have?"

Yamina Saied had an exceptional year. She captured a Gold Medal in the City and Provincial Wrestling Competitions in the Paper Weight Division. She also earned a Bronze Medal in the Advanced Aerobics Meet.

THE MOST RELAXING YEAR

Grade eight, the most relaxing year of Junior High. No worries about making new friends (grade 7) and no worries about achievement exams (grade 9). Sure there are the regular worries: doing your homework, passing tests, trying to say and do the right things and trying to impress your teachers without looking like a goody-goody. But there still a carefree attitude towards this grade. That's what I like the best. You also gain status because you're not the youngest (or the shortest!) anymore. But you don't have to worry about acting cool because you're not the oldest. The grade nines stop bugging you and the grade

sevens look up to you.

Grade eight makes the other seven years of school life worth it. Life can't get much better than grade eight at Londonderry Junior High School.

Freedom At Last

As I enjoy my final year of freedom, I remember the day when Mr. Buchynski wounded his toe and then showed the disformed joint to everyone. Those times of peace, war, and harmony have just about reached the end of the line. Mr. Buchynski is the same as always in physical appearance and psychological manner, but things do change. From being a short, squeaky, grade seven student to eventually sharing the presidency position, increased responsibilities were put up against myself as I travelled the road to success. Along the path, maturity, stress and power have also increased. The improvement of self-confidence and self-esteem helped me become an invaluable student council member this year. Besides the Student Council, Peer Support, WeCare,

Leadership, Hi-Q, and Athletic Teams were other extra curricular activities I had seniority with. Excellent counsellors and teachers assisted in handling the excessive amount of stress which result in becoming mature. Power evolved with gaining respect and trust from staff members. What good memories. When I leave, however, I'll never forget one, Londonderry Junior High was a turning point in my education and it is a thinking, learning, sharing, and caring, institution that rivals the ultimate best.

GET IT OVER THE NET!!

Serve It Up!

This year's Junior Girls Volleyball team consisted of 16 vibrant enthusiastic girls. Miss Wilson describes her team as "energetic". The team competed in four mini-tournaments. When asked how many games the team won, Miss Wilson replied; "We do not keep statistics because the junior teams are for skill development and fun." The most memorable moment for Miss Wilson was when Noy got her serve over the net. When asked what it was like to watch her team in action, Miss Wilson answered; "Sometimes amusing because of the funny mistakes they make and sometimes very pleasing because they showed great improvement." This bunch of girls played well and put in an excellent effort.

Pow!

Another spike by Cheryl Richards. Cheryl and Amanda Engmen are the star players of this incredible Senior Girls Lions Volleyball team led by the hard working coach Mrs. Kjenner. The team worked very hard. They've won the first few games and held onto their competitive thoughts for the remaining ones. Of course there were times of defeat but during those times, they've handled it extremely well. From a scale of 1-10, they were given a rating of 9 by Mrs. Kjenner. They co-operated, they're fun, they're enthusiastic. They're the best!!!

Junior Boys

The coaches were Mr. Acheson, Mr. Kuchta, and Mr. Thorpe. Numbers of games played are unknown, but we have had a number of intersquad games. Against Steele Heights we won as many games as we lost and beat Killarney 3 out of 4 games. There were no special players in either games. All players escaped injury all season.

Michael Cooper

WONGSTER & the boys....

The Senior Boy's team had a very exciting year. We started off the season in September with tryouts. Our team was not overly experienced with only Nap's, Wongster and Libe's the only returning players from last year. However, the team showed tremendous effort this year. We participated in two tournaments this year - the M. E. Lazerte Tournament, where we placed second in our pool. In the semi-finals we saw Dickensfield, and unfortunately did not advance. The next tournament we participated in was the EastGlen Tournament on October 30/31st. The games were exciting and the team played some excellent volleyball. We placed fourth in our pool and ended up ninth overall in the tournament.

The league play was also very exciting. We played the other schools in our zone and ended up seeded seventh into the Zone II playoff tournament. The Zone Tournament was played at M. E. Lazerte on November 21st. The boys played some excellent volleyball - ending up third out of the Zone Tournament. We advanced to Zone II semi-finals, where we saw Dickensfield. The guys played some powerful volleyball, but were unfortunately defeated. The year overall was a tremendous success. The team consisted of 1 grade seven, 7 grade eights and 3 grade nines and for many it was their first formal volleyball team experience. We are looking forward to the 1993-94 season, where we should be a powerful team with over 8 returning players from this year.

Dynamite!

Jr. Girls Basketball was coached by Ms. Stevens and Mrs. Kjenner. This bunch was enthusiastic and co-operative. They played 7 games and did well by winning 6 games and losing 1. The girls were in a tournament and if there were placements no doubt about it the girls would come in 2nd. At the tournament the best dribbler was Melissa Blashko, best passer was Erin Magee, most points scored was Risa Dorst, Best player over-all was Kate Bouska. Watching the girls in action was very tense and exciting wanting them to do well. The most memorable game was the last game of the tournament. The most unforgettable moment was just the whole game because they played so well. Ms. Stevens says they were a dynamite team and they worked well together.

Veleka Maharajah

Dig & Deny!

The Sr. Girls basketball team was energetic. The girls did well with 7 wins and 3 losses, they came 4th over-all. Ms. Wilson says it was "nice" to see them do skills that you 've worked on and when a girl shoots a basket that she's never shot before. The most memorable game to Miss. Wilson was the game vs. Rosslyn. It was a close game with 2 points all through the game and in the last 2 minutes the Londonderry girls won by 8 points. It was amusing to see Christina Carmovale as a guard and Angela Kendall as a center also when players were yelling "Dig and deny" in the middle of a game after a special guest presented the idea for defense. Miss. Wilson says these were extremely "nice" kids to work with, they never let me go a game without a huge smile of enjoyment.

The Future....

The Junior Boys basketball team had an objective of working on their skills and improving in all areas of basketball knowledge. This was accomplished. They participated in numerous exhibition games against schools in our Zone and did fairly well. The season wrapped up with a tournament at Rosslyn in which the boys finished third overall. Our star grade eights Haddad, and Sanjivi, combined with point guard Ozegovic, were all given scholarships to the mid summer basketball camp held at our school. These three, combined with the five "eights" which played on the senior team give us optimism for the '94 season.

Mr. Acheson

Tall Shooters!

Well, with Read's shooting, Brook's driving, Courchene's height, Letawsky's sense and Mah's quickness we had some talent. All this combined with the youth and enthusiasm of our grade eights, resulted in a rewarding season. Although the team came up against some tough competition in our zone we saw some real improvement in all areas of basketball. To our 9's best of luck in high school ball and to our 8's, look out for Londonderry in '94.

Soccer

Wrestling

Close

Quick, tough, co-operative, fun, and goofy were some of Mr. Blashko's (the coach) words when asked to describe the soccer team. Out of 7 regular season games, 5 were won, and 1 playoff game was played. They made 3rd in the playoffs. "The most exciting game was the semi-final against Rosslyn" says Mr. Blashko. "Our team played their hardest against the undefeated team, but unfortunately we lost 3-2. 'It's the greatest sport ever played, the players work every second they are out there and you can play in every type of weather' explaining to me why he chose to coach soccer. This year the team got new uniforms with shiny royal blue shorts and t-shirts with white and bright orange trim with matching fluorescent orange knee high socks. "They looked sharp" the coach added. Jeff Orkusz, Johnson Heng, Bobby Wong, and Mauricio Diaz are this year's star players.

Pretzel Hold

One of the most demanding sports is wrestling. You are on the mat by yourself and you have to rely on your skill, knowledge, and confidence. There is not another sport where two athletes give it their all and at the end of it part good friends as they do in wrestling. To the wrestlers, beware of the pretzel hold.

Endurance....

The road was long and winding, the sun was bright and hot, but the athletes persisted to become a winning force for Londonderry. It was a terrific year!

Ouch!

That was one of the words uttered from pitcher Miss Wilson who got hit from Jarrad Norcutt during a batting practice. That was the most unforgettable moment, Miss Wilson said. The bruise lasted a long time. Miss. Wilson and Mr. Smigielski were the coaches of this amusing and cooperative group. It was hard for the coaches to choose the team when approximately 50 students tried out. There were only 18 players that were picked. The coaches enjoyed the whole attitude and sportsmanship on the team as well as in the league. They played 6 games and won 2. They improved drastically throughout the games. They showed an understanding of the games and many improved skills. Miss. Wilson commented that the team was an interesting mix of very nice students.

Aerobics | We Care

Lets Move It!

Ms. Sim sponsors the Aerobics Club. They participated in a variety of activities such as practices, exhibition meets, and the city finals. There are four people in the club. Competitions were held between T.D. Baker, S. Bruce Smith, and Ellerslie Schools. Our team won a bronze in the advanced city finals. They are a fine energetic group of kids, very dedicated to the club. Ms. Sim says she enjoyed teaching them and looks forward to next year.

We Care

We Care is a non-profit organization that works with World Vision to raise money to help the starving people in the country of Somalia. The main fundraiser for this club is the collection of cans and bottles which are taken to the depot and redeemed for money. However, some other fundraisers were held, such as a coin drive in mid-December in which students were to bring in coins for their class. The class that had the heaviest bucket of coins won. Class 7-3 was the big winner, as they weighed in at 59 pounds of coins. They won 2 9" pizzas. Honourable mention should also go out to classes 8-8, 8-6, and 7-2. In all \$709.01 was raised to help Somalia. An additional 100 pounds of coin was donated to Santa's Anonymous. Another big fundraiser was the 30 Hour Famine which raised \$1100.00 for Somalia. Members of this club say they joined because they wanted to help Somalia and that the best part of We Care Club was helping less fortunate people.

Drama

Micheal Eelhart, David Manna, Timothy Edmunds, Mr. Bigoray, Scott Ireland

The Answer Is...

This year's Hi-Q team consisted of four dedicated and enthusiastic grade nine's. Timothy Edmunds, Scott Ireland, Michel Eelhart and David Manna were the Hi-Q team.

Mr. Bigoray, their supervisor and coach, described this year's Hi-Q team in one word, "exciting". "I enjoy the actual game," replied Mr. Bigoray, when asked why he decided to coach this team. The Hi-Q team won one of it's three games. All four of these young people put in a super effort.

Charlie Brown!

Mrs. Fedorak enjoys teaching this club because she likes to see creative talented students expressing themselves. This club tries hard and does very well. They presented a performance of "You're A Good Man Charlie Brown" 4 times for elementary schools such as Kildare, John Barnett, York, and Belvedere. They also did 4 evening performances and 4 community performances. Every night tickets were sold out. They have been practising since the middle of October until the first performance at the beginning of March. Altogether a grand total of 300 rehearsal hours.

Clearly The Best!

This year's honour band was clearly the best honour band this school has had in years. The students think that Mr. Forster is a great teacher. In a few words Mr. Forster described this class to have a lot of enthusiasm and that the students obtain joy from making music. When I asked Mr. Forster why he likes teaching honour band he said that he believes that music is food for the spirit and that music is one of the few pleasures in life. This year the honour band won a gold award from the Northern Alberta Band Festival and an excellent plus rating in the Alberta Band Association competition in Red Deer.

Council Chess

Mr. Paholek, Kyle Wilson, James Wilson, Daniel Kern

Breathtaking....

The chess club is a lunch hour event that anyone can join whether you are a boy or a girl. All the regular players of chess will play approximately 100 games in all. There was 5 members that made it through some or all the games. The following are the results over-all...

- 1) Daniel Kern 2) Kyle Wilson
- 3) James Wilson 4) Timothy Leuthe
- 5) Michael Cooper

The overall best player in chess is most likely Daniel Kern. Congratulations! In a few words chess club describes it as great, thrilling, breathtaking. The most embarrassing moment in chess club would be when a grade 6 student coming here next year, beat one of the regular members during education night. The reason why Mr. Paholek sponsors chess club is for the roar of victory, the silence of defeat. As a teacher Mr. Paholek takes part in chess club. He watches, keeps score, buy trophies, chase people, etc.

We Served You...

We had a great year! Although our elections were held a little later than usual, we still had a wonderful campaign by all interested parties. This was the first time in LJH's history that we had co-presidents: Cathy Ma and Wayne Chow! Aside from our regular dances, we also sponsored many other activities such as a successful food drive for the Food Bank at Christmas. We lost count but over 1000 food items were donated. From candy gram sales, we donated the profits to various Christmas charities. Our carnations sale for Valentine's Day raised over \$100.00 for the Heart Fund. The Great Easter Egg Hunt was a huge success and congratulations to all those who tracked down the clues and received a special prize. Our "LEGS" contest was a "hairy" event which was a novel way to capture some of the "bods" (from the waist down) at our track meet! Some of you out there know your legs well! We finished off the year with a great video dance show by MuchMusic. Thanks to all the Students' Council Executive for all their hard work. Thanks also to Mr. Beaton, Ms. Hudson and Mrs. Haug for acting as advisors.

Peer Support Store

Lean On Me....

We interviewed Mrs. Elniski and she quoted; "It has been pleasure to work with the students in the Peer Support Club and to see their dedication and commitment in helping others". She is interested in working with this club because she feels a sense of fulfilment seeing the personal growth and confidence developed in the students. Throughout the year this club conducted activities which recognised and acknowledged others. These activities included Happy Day, Teddy Bear Day, Appreciation Day. Many students feel comfortable confiding in Peer Support members because they know that we will not betray their trust. One of the members, Aly Rajani quoted; "Peer Support is an excellent activity not only to help others, but to help yourself. You get to explore who you are (inside) and then you can relate to others. It has been a pleasure to be on the Peer Support Team." He is interested in this club because he loves to help others and loves to see smiling faces.

We Created It!

As a member of the yearbook club I know how it feels to create a yearbook. In a few words as possible the student's describe this as a serious and hard working class. When I asked the students what made them join this class, they said that they wanted to be responsible for the next yearbook. When I asked Mr. Antoniuk why he enjoys teaching yearbook, he said that it gives us a chance to learn how to preserve our memories of school life by planning, designing and laying out a yearbook. This yearbook was created during class time, two classes a week. This year we set a record for selling 375 yearbooks. Everybody who ordered a yearbook got a special yearbook card. Every card had a three digit number on it. Every two weeks or so, Mr. Antoniuk used the computer to randomly select numbers and whoever had the numbers won prizes. The big prize winners this year were James Shelly who won an AM/FM/Cassette/TV Portable Stereo, Kim Glaus who won a Pentax 35mm Camera Kit and Kerri Malonik who won a Sony AM/FM/Cassette Walkman.

Golden Lion Awards

Positive Student Recognition

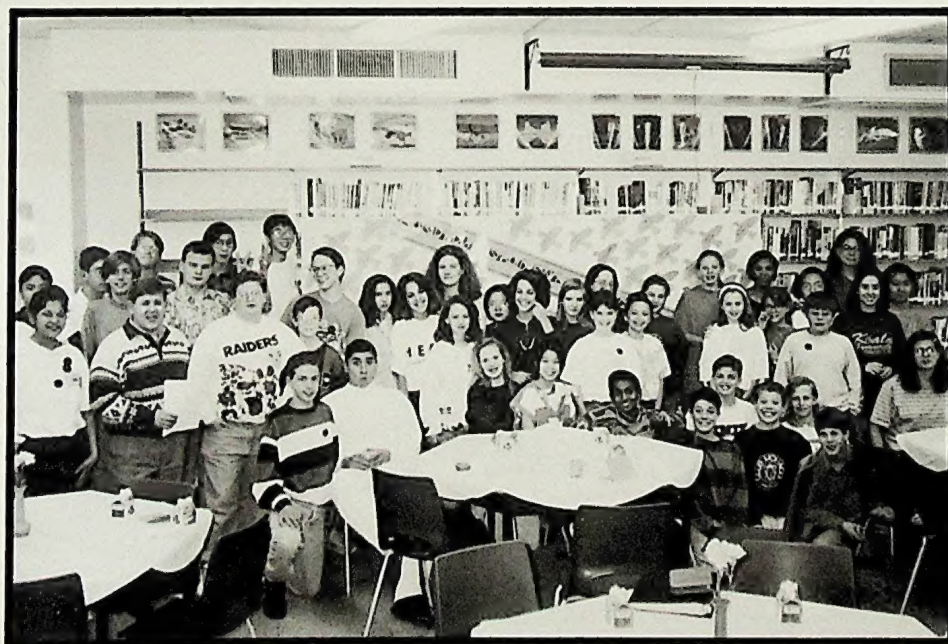

The Right Stuff

London-derry Junior High School recognizes the contributions of all students who have displayed either a personal initiative in self-improvement or a positive contribution to making London-derry a better place for all. These students are nominated by school staff and are invited to a monthly assembly in the library. Mrs. Sorobey, Mrs. Christie, and numerous parent volunteers decorate the library with tablecloths, flowers, and print each students name on a monthly theme decal which is placed under the Positive Students Recognition banner in the hallway. While the students are served cookies and chocolate milk for their accomplishments, Mr. Blashko announces each students name, sponsor, and reason for nomination. This school year we had 607 nominations including several repeat winners. We also recognize winners that have had at least 5 nominations by presenting them with a Golden Lion Award. Following are the names of the Golden Lion Award recipients including the number of nominations they had during this school year.
